Enter total student counts for the charter school for PSD, K-8, and 9-12 students. Student count must be estimated student counts based on actual registration of students. Actual registration of PSD and kindergarten students should be divided by 2 to get estimated student counts for kindergarten. After the 100th day in session, the ADE FY 2025 ADM20 should be used, available via ADE Connect, AzEDS Portal. Schools approved to provide at least 200 days of instruction will adjust their FY 2026 budget for discrepancies between the FY 2025 100th-day and 200th-day student counts. Student count add-ons

Before the 100th day in session, schools may use estimated student counts based on actual registration of students to determine the add-on weighted counts or counts may be left blank. After the 100th day in session for all schools, the student counts to determine the add-on weighted counts should be obtained from the following ADE reports:

Base support level adjustments [A.R.S. §§15-943 & 15-185]

1. Check box if the school has been approved to provide at least 200 days of instruction by ADE. A.R.S. §15-902.04 allows schools that provide at least 200 days of instruction to increase the base level amount by 5 percent. To be eligible for this increase in funding, the school must be approved by ADE and its sponsor. Schools must receive approval from ADE for FY 2025 prior to June 1, 2024. Please contact ADE's School Finance account analyst team by email with questions about this provision at SFAnalystTeam@azed.gov.

2.	Decrease for federal and State monies received for M&O purposes
	Enter the amount received from federal or State agencies for basic maintenance and operation of the
	school (except for ESEA Title VIII). Do not include federal or State grants that are received for a specifi
	purpose. (A.R.S. §15-185)

In accordance with A.R.S. §15-185(P), the Auditor General has determined that the following federal monies meet the definition of "monies intended for the basic maintenance and operations of the school" (as referred to in that subsection), that must be used to reduce the base support level and State egualization assistance, as directed by A.R.S. §15-185(D). This list is not necessarily all-inclusive. The Auditor General may determine in the future that other federal or State grants meet the definition of "monies intended for the basic maintenance and operations of the school."

1. Indian School Equalization Program entitlements received for:

- Instructional costs (basic program, gifted & talented programs, and small school adjustment)
- Bilingual instruction costs (supplemental programs-bilingual program) • Exceptional child education costs (exceptional child programs)
- Student Transportation Fund costs
- School Board Training Fund costs (school board supplement)

Indian School Equalization Program entitlements received for boarding costs, dormitory costs, intense residential guidance costs, and pre-kindergarten costs would not be subject to the reduction.

2. Administrative cost grant entitlements received.

3. FY 2023 nonfederal audit service actual expense Schools must include audit costs for FY 2025 under "Selected expenses by type" on Budget page 2 to receive this increase. Enter the amount expended for audit services in FY 2023 from nonfederal monies to obtain the allowable increase in BSL for the budget year. Do not include the costs of consulting or other nonaudit services paid to audit firms (e.g., application fees paid for submission of school's reports to ASBO and GFOA for certification or for the preparation of the Meritorious Budget Award application to ASBO). A.R.S. §15-914(F) allows schools to increase their base support levels if audit costs will be incurred for the budget year.

4. FY 2023 federal audit service actual expense Enter the amount expended for audit services in FY 2023 from federal monies. Do not include the costs of consulting or other nonaudit services paid to audit firms (e.g., application fees paid for submission of school's reports to ASBO and GFOA for certification or for the preparation of the Meritorious Budget Award application to ASBO).

5. Adjustment for remote instructional time [A.R.S. §15-901.08] This line should be left blank for budget adoption. If a school provides instructional time in a remote setting beyond the thresholds prescribed in A.R.S. §15-901.08(C)(3)(b)(i) in any school year, ADE shall calculate the total percentage of remote instructional time that exceeded the threshold and fund that percentage of the base support level at 95 percent of the base support level that would otherwise be calculated for the school. ADE will notify schools of the adjustment amount, if any. Enter the amount provided by ADE, if any, as a negative number.

Classroom Site Project Detail Reports can be accessed at https://schoolfinancereports.azed.gov. Amounts should be entered as a decimal. For example 0.0601% should be entered as 0.000601.

Base support level amounts from total K-3 and total K-3 Reading weighted student counts

A.R.S. §15-211 requires schools to submit a plan to ADE by October 1 for improving the reading proficiency of its pupils in kindergarten programs and grades 1-3. The plan must include a budget for spending monies from both the K-3 and K-3 Reading support level weights. Schools must use monies generated by the K-3 Reading weight only on instructional purposes intended to improve reading proficiency for pupils in kindergarten through 3rd grade with particular emphasis on pupils in kindergarten through 2nd grade. The K-3 Reading weight will only be included in the School's BSA 55-1 after the School's K-3 Reading Program Plan is approved by the State Board of Education. 2016 Prop 123 and Laws 2015, 1st S.S., Ch.1, §6, provides total additional funding of \$75 million to districts and charter schools on a pro rata basis. The estimated increase in additional funding is provided below. However, actual amounts will vary. ADE will notify schools of the final amounts. Once available, schools can access actual payment amounts at https://www.azed.gov/finance/countyappor. Schools should include these monies in their Schoolwide Project Budget. These monies may be expended for any allowable school purpose.

Cover	General	These instructions will help charter schools prepare the budget. Within the forms, blue font and light blue highlights indicate that an instruction is linked to that specific line. We have provided an instructions button that links to any general instructions or to the first instruction for a page. The forms have been set to print without "objects" so that the instructions buttons do not print.
		The cells in the prior year columns on the budget forms contain formulas that will bring forward budget amounts from the FY 2024 budget forms. However, the cells have not been protected so users may also enter the information manually. To bring forward amounts automatically, the most recently revised FY 2024 budget must be saved as budget24.xlsx in the C:\CSFORMS folder. If the file is not named budget24.xlsx, the formulas will not function properly. Excel will ask the user to update information when the budget25.xlsx file is opened. Users should review amounts reported in the prior year column to ensure they agree to the school's most recently revised FY 2024 budget.
		Schools should complete the Data Entry page before completing pages 1 through 4. To ensure that the Arizona Department of Education (ADE) can properly access the school's data, do not change formulas without specific instructions from either the Arizona Auditor General's Office, Accountability Services Division, or ADE, School Finance.
Cover	CTDS number	This cell will only accept entries of 9 digits. Do not include any slashes, dashes, etc. Enter the school's CTD number plus 3 zeros.
Cover	Version	The version of the budget being submitted on the cover page is formatted with a drop-down menu. Select the appropriate choice from the menu: Proposed or Adopted.
		All information on the cover page must be completed/updated when the proposed or adopted budget is printed out for the Governing Board to sign.
Cover	Estimated revenues	Base estimated revenues by source for FY 2025 on the best information available at the time the budget is prepared. Estimated revenues may be more or less than estimated expenses.

Cover	Average teacher salary	In accordance with A.R.S. §15-189.05, a school's budget shall include the prominent display of the average salary of all teachers the school employed for the budget and prior years, and the increase in the average salary of all teachers the school employed for the budget year reported in dollars and percentage. Schools must also prominently post this information on their home page separately from its budget. The statute does not provide a definition of a teacher. Each charter should be consistent in the type of salary information included in this table from year to year. An optional comment box is available to provide any additional detail regarding the average teacher salary calculation. Schools should revise the average teacher salary information anytime it submits a revised budget to ADE.
Charter contact info	Charter contact info	Fill in the contact information for all positions listed on this tab. If any of the positions do not exist at your school, please fill in the appropriate person to contact related to that topic.
Charter management info	Charter management info	Select the type of organization from the drop down menu and report the management organization details (if applicable): Charter Management Organization (CMO) - A non-profit organization that operates or manages a network of charter schools (either through a contract or as the charter holder) linked by centralized support, operations, and oversight. Education Management Organization (EMO) - A for-profit entity that operates or manages a network of charter schools (either through a contract or as the charter holder) linked by centralized support, operations, and oversight. Single Management (non-profit) - A non-profit organization that is not a CMO or EMO and that provides management services to one charter school. Single Management (for-profit) - A for-profit entity that is not a CMO or EMO and that provides management services to one charter school.
1	General	Only report budgeted expenses for 1000-Schoolwide Project and 1500-1999-Other Special Projects on lines 1 through 32. Do not include the Classroom Site Project (project code 1010), Instructional Improvement Project (project code 1020), Structured English Immersion Project (project code 1071), Compensatory Instruction Project (project code 1072) or Federal and State projects (project codes 1100 through 1499) expenses. Report budgeted expenses for programs 200-special education and 270-vocational and technical education on lines 16-27. Report budgeted expenses for program 400-pupil transportation on line 28. Do not report depreciation or amortization expense on the budget forms. Only report purchases of capital assets including right-of-use assets acquired through finance leases (land and land improvements, site improvements, buildings and building improvements, equipment, and construction in progress) in the capital acquisitions section of page 2.

1	Program 550	Schools should budget for K-3 Reading Program expenses in program code 550.
		The State Board of Education must give approval to a school before any portion of the monies generated by the K-3 Reading support level weight may be distributed to the school. A.R.S. §15-211. 1	Federal and State projects, line 37	Include the total of federal and State project expenses (project codes 1100 through 1499 from page 2) on line 37. Schools should not include federal and State project expenses with other Schoolwide Project expenses on lines 1 through 36.
1	Employee benefits	Schools participating in the Arizona State Retirement System should budget at the rate of 12.27 percent for covered positions. For positions subject to the Alternate Contribution Rate, schools should budget at the rate of 10.19 percent.
2	Federal and State projects	Separate accountability is required for each federal and State project. Therefore, charter schools should estimate the expenses for each federal or State project in which the school participates. The totals on line 32 should agree with the total columns for federal and State projects on line 37 of page 1. A.R.S. §15-1261 requires charter schools to establish an E-rate Project to account for any E-rate funding the school receives. Include monies budgeted for the E-rate Project and COVID-19 federal relief projects within Other Federal Projects on line 17.
2	College Credit Exam Incentives	Schools that receive monies from the college credit by examination incentive program per A.R.S. §15-249.06 should deposit them in Project 1456—College Credit Exam Incentives. Schools must distribute at least 50 percent of the bonus monies received from this program to the classroom teacher for each student who passes a qualifying exam and to other teachers of relevant subjects who instructed that student, including but not limited to teachers in the same department or subject matter that contributed to the student passing the exam, as identified by the governing body or the school principal. The remainder of any bonus monies received from this program must be allocated by the school principal on behalf of students who receive a passing score and may be used for teacher professional development or student instructional support, reimbursement of exam fees, or instructional materials.

2	Incentive	Schools that receive monies from the Arizona Industry Credentials Incentive Project per A.R.S. §15-249.15 should deposit them as a separate State project using project object code beginning with 14XX. Monies received must be used for instructional costs and professional development for a career technical education program teacher to become a certifying professional for an approved certificate, credential or license; to offset the students' cost of certification, credentialing or licensure; for developmental costs related to creating, expanding or improving an approved site of a certificate, credential or license career technical program or course; for instructional hardware, software or supplies required for the certification, credentialing or licensure; for career exploration in any school grade and awareness activities for parents, students and the community for the approved sectors.
